

Daniela, You & I

Everybody's running
Everybody's running

Don't stop
doing what you're doing to me now
In love with your eyes
You can take me to the top

Everybody seems to think that I'm not good for you
Everybody seems to question why I follow you
They don't know what love really is

'Cause I can't stop
Chasing your love
I'm waiting in silence
Come and rain over me
Will never stop
Waiting for love
Waiting for my chance
You belong to me

It's You And I
It's you And I
It's You And I
It's You And I

I know love has put a spell on me now
Obsession
I try but I cannot stop

Everybody seems to think that I'm not good for you
Everybody seems to question why I follow you
They don't know what love really is

'Cause I can't stop
Chasing your love
I'm waiting in silence
Come and rain over me
Will never stop
Waiting for love
Waiting for my chance
You belong to me

Everybody's running
Everybody's running

Just bring it to me
Just bring it to me
Just bring it to me

'Cause I can't stop...
