

Danko Jones, Get High?

When you do a bit living
And it's starting to take its toll
You might need a little help
Come and get it before you explode

Well look at me
I'm a pretty good example of not letting it go
So do the opposite and think about it
Let me ask you so you know

Do you wanna get high?
I'm talking higher than the big blue sky
Do you wanna get high?
I'm seeing stars when I look in your eyes

Time is gonna creep like you wouldn't believe
Make sure you don't take it too slow
'Cause everybody's waiting for everybody else
You gotta take that chance and go

If you're sleeping be prepared to get let down
Kicking yourself is almost ensured
So never let it get there, always keep it good
You gotta win the day and say

Do you wanna get high?
I'm talking higher than the big blue sky
Do you wanna get high?
I'm seeing stars when I look in your eyes
Do you wanna get high?
When you're living it up, you're living it right
Do you wanna get high?
I think it's time to grab your piece of the pie

Do you wanna get high?
Do you wanna get high?
Do you wanna get high?
I'm talking higher than the big blue sky
Do you wanna get high?
I'm seeing stars when I look in your eyes

Do you wanna get high? (Yes, I wanna get high)
Do you wanna get high? (I need to get high)
Do you wanna get high? (I wanna get high)
