

Danny Rossing, Remember

We fill our hearts
We fill our minds
We fill our souls
With money not feelings
And I Will not become
The poor man's excuse
A slave with no meaning
I still remember how it felt when you and I where young
Along the way we lost the faith in love and lost our mind
Do you remember that you told me?
To do what I want
I remember that you told me
Look at us now We´re closing in
To the dream It´s only the beginning
We now Spend our time
Like millionaires
Pretend there is no ceiling
I still remember how it felt when you and I where young
Along the way we lost the faith in love and lost our mind
Do you remember that you told me?
To do what I want
I remember that you told me
Do you remember that you told me?
To chase the dream with my heart
I remember that you told me
If time was money, then grass would be gold
Live for the moment, be out of control
Do you remember that you told me?
To do what I want
I remember that you told me
Do you remember that you told me?
Do you remember that you told me?
To do what I want
I remember that you told me
Do you remember that you told me?
To chase the dream with my heart
I remember that you told me
To do what I want
