## Dar Williams, End of the summer

| The summer ends and | d we wonder wher | re we are And t | here you go, my fi | riends, with your boxes |
|---------------------|------------------|-----------------|--------------------|-------------------------|
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
|                     |                  |                 |                    |                         |
