

Darius Rucker, Beers And Sunshine

Well, I ain't gonna work today
Just wanna sit around and play
Gonna hit balls off the dock
Kick back in my flip-flops
Don't owe nothing to the lender
Nothing spinning in the blender
The only thing on my agenda is

Beers and sunshine
Bonfires and summertime
Back porch nights in South Carolina
Ain't nothing finer than me and my girl striking up a little lighter
'Cause everybody's down in a world gone crazy
Don't know how to fix it but I think maybe
Turn on the good times, turn off the TV
Yeah, the only BS I need is beers and sunshine

Gonna call my girl and say
Let's get our friends and hit the lake
Grab a boat and get to floating
A little buzzed and a little toasted
We're gonna hang and have a little fun now
Flying high like we'll never come down
We're gonna roll until we run out of

Beers and sunshine
Bonfires and summertime
Back porch nights in South Carolina
Ain't nothing finer than me and my girl striking up a little lighter
'Cause everybody's down in a world gone crazy
Don't know how to fix it but I think maybe
Turn on the good times, turn off the TV
Yeah, the only BS I need is beers and sunshine

Oh, beers and sunshine, oh

Beers and sunshine
Bonfires and summertime
Back porch nights in South Carolina
Ain't nothing finer than me and my girl striking up a little lighter
'Cause everybody's down in a world gone crazy
Don't know how to fix it but I think maybe
Turn on the good times, turn off the TV
Yeah, the only BS I need is beers and sunshine

Oh, beers and sunshine
Beers and sunshine
Bonfires and summertime, time, time
Oh, oh oh, yeah
