

# Darryl Worley, If Something Should Happen

Buddy you and me go way back,  
Camp Lejeune, all through highschool,  
And before that  
So I don't mind telling you I'm scared to death  
The doctor's going in on the 25th  
It's the same thing my daddy had  
Thank God they caught it fast

But if something should happen,  
Stop in sometime and say hello to Katherine  
You and Mary Anne could always keep her laughing  
She's going to need a lot of that  
Take her out to a movie  
It's going to take some time before she's back on her feet  
I know you think that I'll be fine and I'm talking crazy  
But there's always that chance,  
That's why I'm asking,  
If something should happen

Little Nathan's growing up so fast  
This November he'll turn 10  
He wants to play quarterback  
I'm supposed to coach his team this fall  
But I may not get to after all  
He's going to need someone to catch a pass  
And to throw it back

If something should happen  
Oh promise me you'll take that boy out camping  
Throw a line out in that water every now and then  
Answer any question that he has  
Maybe once he gets older,  
You can sit and have that first cold beer together  
And tell him a couple stories on his father  
He's always known you were my best friend  
That's why I'm asking,  
If something should happen

I hope I live until I'm 80  
And I get to see my son get married  
And have babies  
And make a million more memories with my wife  
Yeah buddy I pray alright  
But if it's my time to leave  
Would you watch over them for me?  
If something should happen  
If something should happen  
mm hmm hmm
