

Darryl Worley, Who's Gonna Get Me Over You?

(Tony Martin/Mark Nesler)

When she walked out on me you hung around
Said you couldn't stand to see me going down
And that someday I'd forget all about her in time
You were right she's the last thing on my mind
Now you say that since I'm feeling strong again
You're leaving and you'll always be my friend
Thanks to you, I know now what love is all about
There's just one little thing that you left out
Who's gonna get me over you
Who'll take your place like you took hers
And pull me through
You got me over her when she left
Just like you said you'd do
But tell me who's gonna get me over you
You put together all she tore apart
But somewhere along the way I lost my heart
You had me believing I could make it on my own
Right up to the moment you were gone
Who's gonna get me over you
Who'll take your place like you took hers
And pull me through
You got me over her when she left
Just like you said you'd do
But tell me who's gonna get me over you
