

Daryl Hall & John Oates, Let Love Take Control

I'm a soul surviving
Love give me all or nothing
I used to wake in the morning and say
Can I get through another day
Look around, I see everybody's running
Trying too hard to make the money
But we forgot to the taste of honey
Oh babe, can we lose the confusion

Let Love Take Control
Sweet Soul got a hold on me
Let Love Take Control
Sweet soul got a hold on me

Little things can get you down
Getting caught up in the run around
Gotta live in the here and now
Oh babe, gotta lose the confusion

Let Love Take Control
Sweet Soul got a hold on me
Let Love Take Control
Sweet soul got a hold on me

You can't control your destiny
Love laughs at all your plans
Just let love show you what you need
You know I understand
Don't let the weight lay too heavy on you
Gotta let it go, hold onto that sweet, sweet soul

Let Love Take Control
Sweet Soul got a hold on me
Let Love Take Control
Sweet soul got a hold on me
