

Daughtry, Keep Me Close

Look at me, I'm so far away
Out of the way of rain
Far from the pain, yeah
And if you see me in your dreams
Would you still believe
All that you see, yeah

Don't leave me out, don't leave me out, yeah
Well even though I'm not there with you
It's good to keep me close

I never thought that it would come down to this
That I would be so missed
So quickly dismissed, yeah
I want nothin more than to be with you here at home yeah,
i know its been so long
What i did was wrong, yeah

don't leave me out, don't leave me out, yeah
Well even though I'm not there with you
It's good to keep me close

Closer to your skin, you gotta keep me deep within
Cuz where I am right now I couldn't need you more
Close enough to see, Close enough to hear you breathe
Close enough to feel the warmth of you, cuz I am so cold, yeah

And only in me, and only in me, oh its only in me, yeah
And even though I'm not there with you
Its good to keep me close
And even though I'm not there with you
Its good to keep me close
And even though I'm not there with you
Its good to keep me close
