

# Dave Dudley, 1953 Dear John Honky Tonk Blues

I keep the radio on most all night long listen to the songs they play  
Sometimes I hum tap along with my thumb listen to the words they say  
And I have to admit those yesterday hits take me back a year or two  
I get those 1953 Dear John Honky Tonk Blues for you  
I get those 1953 Dear John Honky Tonk Blues  
Well I need help when I hear No Help Wanted  
Remembering where we first heard Lovesick Blues  
Old songs make me wonder what you're doing  
I get those 1953 Dear John Honky Tonk Blues

Gonna play this song for Rollin' John the Wild Side Of Life  
It's Rolly Polly a golden oldie for Carl and his brand new wife  
Makes me feel sad but it ain't half bad rememberin' the things I'd do  
I get those 1953 Dear John Honky Tonk Blues for you  
I get those 1953 Dear John Honky Tonk Blues  
Well I need help...
