

Dave Dudley, Angel

My baby is an angel don't tell me she can't fly
Cause when I'm with her I'm way off the ground
But hear lately they say angel has been flyin' kind of line
And I think some devil brought my angel down
I can't imagine angel just leaving me behind
She said the world was hers with me around
And all the things I've planned always with her in mind
But I think some devil brought my angel down
I'm gonna keep on looking high and low for her I can't let her fly away from me
If I can't find her I can't show her love can grow
Cause the way I love her she will plainly know
That my angel is my baby and I need her oh so much
But she's lost and I'm afraid that she's been flown
But maybe she'll remember and fly back to my arms
But I think some devil brought my angel down
Yeah I think some devil brought my angel down
