

# Dave Dudley, I'm Coming Home

Got your face so pretty and your hair done right  
Cause we're gonna do the town tonight  
I'm comin' into town right on time I still got your lovin' on my mind  
I'm a coming home gotta make some love I'm a coming home sweet turtle dove  
I'm a coming home to make sweet love to you

Well I see down the road there's a big truck stop  
They got a pretty little waitress with the curly top  
She's pretty as a doll pretty as can be  
But don't you worry honey she ain't nothin' to me  
I'm a coming home...

[ guitar ]

Well I came to a hill and the truck looked down  
Throttled the blow she's huggin' the ground  
Scratchin' gears but I'm goin' again I'm comin' home baby I'm doggin' it in  
I'm a coming home...  
Got your face so pretty...  
I'm a coming home...
