

# Dave Dudley, My Love Train Is Rollin' On Your Track

Since I met you you my wheels're burnin' you really stepped up my face

My only thoughts of you and me one more time in place

Don't take this size a warnin' cause baby it's a fact

My love train is rollin' on your track

My love train is rollin' on your track

Big daddy's smokin' and there ain't no turnin' back

A choo choo choo a choo choo you're warmin' up my stack

Baby my love train is rollin' on your track

[ guitar ]

You started my engine steamin' with your first hello

And when I kissed your lips away you fired up my cost

So hang girl our destination is heavy and back

Cause my love train is rollin' on your track

My love train is rollin' on...

Baby my love train is rollin' on your track

Baby my love train is rollin' on your track
