

Dave Dudley, Old Fashioned Love

There are some pills and modern thrills that I don't understand
I guess that I'm not what you call a modern carefree man
I cut my hair and wear my clothes the way my daddy does
And all I want is having you and good old fashioned love
Good old fashioned love a girl who walks the line
Every day I'll prove my love if you were only mine
A pretty song a pretty night the moon and stars above
Yes I'd be satisfied with you and good old fashioned love

Well I suppose the modern clothes are good enough for them
But sometimes I can hardly tell the women from the men
They're also hip what makes them take what I've been thinking of
I would be satisfied with you and good old fashioned love
Good old fashioned love...
