

Dave Gahan, Down

I need some company
I need you tonight
You don't have to talk to me
And don't be polite

Take my body and soul
I feel so old

Down
On the ground
There's no one around
And the snow is falling
Down
On the ground
It's where I'm bound
To be up by morning
Down

Just lay down beside of me
You know what I like
Take what you want from me
We don't have to fight

Take my body and should
I feel so old

Down
On the ground
There's no one around
And the snow is falling
Down
On the ground
It's where I'm bound
To be up by morning
Down

And you comfort me
Until my legs go weak
Hold me closer
We won't speak

Down
On the ground
There's no one around
And the snow is falling
Down
On the ground
It's where I'm bound
To be up by morning
Down

Oh we all keep falling
All down
And the world keeps turning
