

# Dave Gahan, Down

I need some company  
I need you tonight  
You don't have to talk to me  
And don't be polite

Take my body and soul  
I feel so old

Down  
On the ground  
There's no one around  
And the snow is falling  
Down  
On the ground  
It's where I'm bound  
To be up by morning  
Down

Just lay down beside of me  
You know what I like  
Take what you want from me  
We don't have to fight

Take my body and should  
I feel so old

Down  
On the ground  
There's no one around  
And the snow is falling  
Down  
On the ground  
It's where I'm bound  
To be up by morning  
Down

And you comfort me  
Until my legs go weak  
Hold me closer  
We won't speak

Down  
On the ground  
There's no one around  
And the snow is falling  
Down  
On the ground  
It's where I'm bound  
To be up by morning  
Down

Oh we all keep falling  
All down  
And the world keeps turning
