

Dave Mason, Save Me

Save me...

Save me...

She's not a star
But she'll go far
So she's telling all her friends
She's only young and just begun
To see clearly
In her eyes

Nothing turned out like she thought it would
(thought it would)
And I was waiting right there where she stood

She said: save me
From this wicked world I'm livin' in
She said: save me
I don't wanna lose, I wanna win
I can't run and I can't hide
(can't run, can't hide away)
I can't run and I can't hide
(can't run, can't hide away)
She said: save me
(save me, girl)
She said save me...
Ooh!

All on her own
She's on the phone
So sincerely...
Ooh... makin' a joke
There's no reply
She wonders why
And pays the rent one more time

Everybody's out there on the take
(on the take)
And I was there when she began to brake
(she began to brake)

She said: save me
From this wicked world I'm livin' in
(save me, baby)
She said: save me
I don't wanna lose, I wanna win
I can't run and I can't hide
(can't run, can't hide away)
I can't run and I can't hide
(can't run, can't hide away)
She said: save me
(save me, girl)

She said save me...
Ooh!

Everybody's out there on the take
(on the take)
And I was there when she began to brake

She said: save me
From this wicked world I'm livin' in
(save me, girl)
She said: save me

I don't wanna lose, I wanna win
I can't run and I can't hide
(can't run, can't hide away)
I can't run and I can't hide
(can't run, can't hide away)
She said: save me
(can't run, can't hide away)
She said save me...
(can't run, can't hide away)

Save me, girl
(save me)
Save me, girl
(can't run, can't hide away)
Save my soul
(save me)
Save me, girl
(can't run, can't hide away)
Save my soul
(save me)
Save me, girl
(can't run, can't hide away)
Save my soul, baby
(save me)
Save me girl
(can't run, can't hide away)
Ooh...
(save me)
Save me, girl
(can't run, can't hide away)
Save my soul
(save me)
You can't run
(can't run, can't hide away)
You can't hide
(save me)
Come on, baby
(can't run, can't hide away)
Hoo!
Save my soul...
Ooh!
