

David Archuleta, In This Moment

Driving through the city for the first time, you and me
Staring through windows and my own reflection
How can no window encompass perfection

Now that I know what it's like to be living
This beautiful world and never stop giving
I can't return to a life with no vision
Born into eyes not by my own decision

(and) I wanna be in this moment,
No one can take it from me
(and) I wanna stay in this moment,
No one can take it away from me

Give me a chance and I'll show you what's real
Open your eyes and you'll see
Then I'm stuck in a moment and no one can take it from me

I wanna be in this moment,
No one can take it from me
I wanna stay in this moment,
No one can take it away from me,
Yeah.
