David Bowie, I Wish You Would

Early in the morning by the break of day That's when my baby went away Come back baby I wish you would This crying and grieving won't do me no good

Hugging and a-kissing, late at night You know pretty baby it feels just right Come back baby what you're trying to do? Turning on me and some other men too

Come back baby give me one more chance You know I still love you gonna give you romance Yeah, romance all night long In my arms, oh yeah

[CHORUS]

Hey pretty baby I love you so You know pretty baby it hurts me to see you go Oh yeah [repeat ad inf.]
