David Bowie, No Plan

Here there's no music here I'm lost in streams of sound Here am I nowhere now? No plan

Wherever I may go Just where Just there I am

All of the things that are my life My desires My beliefs My moods Here is my place without a plan

Here Second Avenue Just out of view Here Is no traffic here? No plan

All the things that are my life My moods My beliefs My desires Me alone Nothing to regret This is no place, but here I am This is not quite yet
