

# David Byrne, Hanging Upside Down

Window shoppin'  
Finger poppin'  
Hangin' in our fav'rite shopping mall  
Looky looky  
A little cutie  
A little kitten she deserves a home

Tell you dudes when I get old enough  
You bet that I am gonna try some stuff

Twisted sister  
Don't 'cha miss her  
There's a hundred more where she came from  
Wiggle wiggle  
Jiggle jiggle  
Jesus, how the babes are almost grown!

And I don't need to watch the news at night  
Anyone can see we're out of time

Hangin' on  
Hangin' out  
Got my hundred dollar shoes  
Hangin' round  
Hangin' free  
And we got nothin' else to do  
What goes up  
Must come down  
Oh, she took an overdose  
Hangin' out  
Hangin' free  
Till our mama takes us home

Shimmy shimmy  
Gimmie gimmie  
Don't need you and we don't need love  
I gotta have it  
I'm gonna grab it  
It ain't stealing, hey, it's only fun

When you live inside the pleasure dome  
You don't ever wanna go back home

Hangin' on  
Hangin' out  
Some are hangin' upside down  
A perfect world  
A perfect girl  
Oh - another year rolls by  
I'm the king  
And you're my queen  
When those zombies all awake  
A broken heart  
A broken home  
Ain't no tears upon your face

Hangin' on  
Hangin' out  
There's place for me and you  
Hangin' round  
Hangin' free  
We got nothin' else to do  
Turn it up  
Fade it down

Yeah, that song it saved my life  
Perfect teeth  
A perfect smile  
Oh, she was a friend of mine  
Let's go out  
To the place  
Where the hands of time are slowed  
No one walks  
No one dies  
No more hassles anymore
