David Charvet, Fall Into You

People come and people go
What is love
And tell me, do we ever know
What am I supposed to do
When I look inside
All I wanna see is you

Could you really be the one to show me
You could set me free
That's why I gotta tell you

Oh I wanna fall into you
It feels so right, when you're by my side
Can I put my trust in you
I just wanna fall into you

Been afraid, but now I see
With a kiss
You've given me the faith to believe
That my dreams can come true
And I felt this way
When I set my eyes on you

Could you really be the one to show me
You could set me free
That's why I gotta tell you

Oh I wanna fall into you
It feels so right when you're by my side

Can I put my trust in you
Oh yeah, it feels so right

Oh I wanna fall into you
It feels so right when you're by my side
Can I put my trust in you
I just wanna fall into you

And I can't deny it's true
Baby, all I want is you
And I'll find a way
To keep you satisfied

You could be my shining star
Be the light out of the dark
And I swear to you
These words are coming straight from my heart

Oh I wanna fall into you
It feels so right when you're by my side
Can I put my trust in you
It feels so right

Oh I wanna fall into you
It feels so right when you're by my side
Can I put my trust in you
Oh I wanna fall into you
