David Crowder Band, How Great (Direct From Sa

Im so bored of little gods While standing on the edge of Something large While standing here, so close to You We could be consumed What a glorious day

I give up, I lay down Rest my face upon this ground Lift my eyes to Your sky Rid my heart of all I hide

So sweet this surrender

Chorus How great Your love for us How great our love for You That grace could cover us How great Your love

How marvelous, how brilliantly Luminous, You shine in me And who can fail to give You awe To fear You, God, so sovereign and strong

What a glorious day What a wonderful day, today What a glorious day What a wonderful day, today Glorious day
