David Gray, Easy Way To Cry

Smoke curls through my hands These one night stands Are making me crazy I know Morning I'll go Crowds in the rain all passing by

Faith gone from your eyes
Each word it flies
Taking you further away
And come that day
There ain't no easy way to cry

And as I watch you leave I stand Inside my house of straw And everywhere I go I find Things recollecting to my mind How right it all could be

Faith gone from your eyes
Each word it flies
Straight to the heart and I know
Watching you go
There ain't no easy way to cry

So right now

And as I watch you leave I stand Inside my house of straw And everywhere I go I find Things recollecting to my mind How right it all could be Could be

So right now
