

# David Gray, Our Moment Of Truth

Our Moment of Truth

is my mind playing tricks on me  
or did i just see a flicker of love in your eyes  
is my imagination getting away from me  
or did i just see a flicker of love in your eyes  
when our eyes met i felt a mutual understanding  
somehow we both knew it was our moment of truth  
when our fantasies collided with reality  
a shared epiphany if you will  
a moment when we both knew  
that we were meant to be together  
even if it didn't make sense  
even if it wasn't part of the plan  
we thought we'd found love at least  
once or twice before but then  
our paths crossed and everything changed  
because it didn't compare to  
anything we'd ever known before  
our moment of truth  
our moment of truth  
our moment of truth  
when we could no longer deny  
to ourselves what we  
already knew in our hearts  
that we had finally found  
our one true love  
a reawakening of memories  
of someone we had conjured up  
a long, long time ago  
somehow, we both forgot  
what we really wanted in a partner  
due to practicalities

so we buried our burning passion  
until it broke free on it's own  
something had to give  
something had to give  
something had to give  
and it finally did  
despite our best efforts  
to keep our feelings  
under lock and key  
so sweetheart  
where do we go from here  
now that we know  
what we know is in our hearts  
our moment of truth  
our moment of truth  
come take my hand  
and walk with me  
to a new destination  
to a place  
where nothing is certain  
and the future is unknown
