

# David Houston, Lighter Shade Of Blue

You walked out so many times and left me with a worried mind  
Confused alone no knowing what to do  
Then you come back and I'd forgive and heartaches end but mem'ries live  
Each time I turn a lighter shade of blue  
Cause I don't hurt the way I used to hurt don't cry the way I used to cry  
Could be a sign I'm gettin' over you  
There'll come a day it won't be long you'll come back and find me gone  
Each time I turn a lighter shade of blue each time I turn a lighter shade of blue  
[ steel ]  
Cause I don't hurt the way...
