

# David Lynch, I'm Waiting Here (Lykke Li)

I?m waiting here  
I?m waiting here  
I?m waiting here  
I?m waiting here

As we fall, never fulfill me there  
You roll away, only to find you there  
You?re deepest ? never be seen as well  
Dreaming of whether we rise and mess

I?m waiting here  
I?m waiting here  
I?m waiting here  
I?m waiting here

We meet though, under dark moon  
I?ve burned a lot of bridge  
Some castles remain the same  
Only then

I?m alone, look at the sky, my dear  
I am not every falling star  
Make a wish every time I leave  
So we can love until infinity

I?m waiting here  
I?m waiting here  
I?m waiting here  
I?m waiting here  
I?m waiting here

I?m waiting here  
I?m waiting here  
I?m waiting here
