

Davido, How Long (ft. Tinashe)

[?]

How low would you go, for me?

How long would you wait?

How long would you stay

/2x

Can you feel the strings in the guitar?

Can you order bottles from the bar?

Tell that sexy girl, she's pretty girl

Please, will you stay?

If you want, I go spray, money

Your pretty face

Can you make me feel like number one?

Can you fill my cloudy day with sun?

Maybe something special has begun

I'm gonna bow for you

If you promise to keep it one hundred

Yes, you got me wondering

If I give you the chance to love me

Come on, take me away

Please, will you stay?

If you want, I go spray, money

Your pretty face
