

# Dawid Kwiatkowski, Say Yes

Where you are,  
I can see that you're star  
A crying where we started ayy  
Where we started ayy  
Take you far to the tropic soul and cars  
We keep looking where we started ayy  
Where we started ayy

Hasta la vista  
Who that girl you once  
Where say goodbye ms barisa  
Into kind to la vida loca

If you're on a plane  
I'm down to jet  
If you wanna rage  
Go out and dance  
What more can I say  
bound to say yes  
What more can I do

If you're on a plane  
I'm down to jet  
If you wanna rage  
Go out and dance  
What more can I say  
bound to say yes  
What more can I do

Things have changed from now  
It's not your game from the hometown  
Where we partied ayy  
Where we partied ayy

Never trade all the memories  
All those days  
That could be when  
Be partied ayy  
When we partied ayy

Hasta la vista  
Who that girl you once  
Where say goodbye ms barisa  
Into kind to la vida loca

If you're on a plane  
I'm down to jet  
If you wanna rage  
Go out and dance  
What more can I say  
bound to say yes  
What more can I do

If you're on a plane  
I'm down to jet  
If you wanna rage  
Go out and dance  
What more can I say  
bound to say yes  
What more can I do

You ain't got a single day to no cellphone  
I don't touch you don't have places to be  
See that you wanna feel alive

but you're too careful  
Take that chance  
So maybe we could be free
