

DAWN, Billie Jean x Dance

Billie Jean, yeah, I'm a sex fiend
I'm not yo girl, I'm just yo wet dream
If you're lucky, yo bitch will bring a team
Play you good fo the championship ring
I never stay too long I gotta keep him on his toes
Just Call me Diddy, I'll be boppin on all these hoes

Just call me Diddy, I'll be
Just call me Diddy, I'll be
Just Call me Diddy, I'll be boppin on

Baby watchu wanna do with me right now
I can't stay too long the money is calling
I'm calling in diamonds, baby.
WHAT YOU wanna do?

Billie Jean trill impaler like a fate
I never stay too long on my own grade
And if you're lucky, 2023
Send that prenupe to my new legal team
No counting sheep up in a city full of thirsty hoes
Cause while you sleepin they tradin vodka bottles for their clothes
Cause while you sleepin they tradin vodka bottles for their clothes

Billie Jean, sex fiend
Money maker big dream

Billie Jean

Billie Jean, sex fiend
Money maker, big dream

Soon as you came walking into the room
Felt my body falling into you
Soon as I looked deep into your eyes
I felt my heartbeat skip a million times

What have you been slipping me, babe?
You must be a slug, cause I'm under you, babe
I'm falling so fast, see if you can
Tomorrow we die, but tonight we dance

Tonight we dance, tonight we dance
Tonight we dance (tonight we dance)
Tonight we dance, tonight we dance
Tonight we dance

Drop to the floor and dance

Moment that I let us begin to touch
Know that he'd burn the both of us
Maybe we can blame it on the moon
Like we don't know what we're doin'

What have you been slipping me, babe?
You must be a slug, cause I'm under you, babe
I'm falling so fast, see if you can
Tomorrow we die, but tonight we dance

Tonight we dance, tonight we dance
Tonight we dance (tonight we dance)
Tonight we dance, tonight we dance
Tonight we dance

Drop to the floor and dance

Tonight we dance, tonight we dance
Tonight we dance (tonight we dance)
Tonight we dance...
Baby...
