

# Day Of Fire, Wake Me

Just a mother and sons living under the gun  
Bruises on their backs were just another  
Sign of the push & the shove & the lack of the love  
On the side of the tracks that they were brought up  
Now they're speaking it out through the silence & doubt  
Try to figure it out but get caught up  
In the here and the now & the where & the how  
You know what it's about when they say

Wake me when it's over  
Pick me up I'm on the ground  
Wake me when it's over now!

She's just a girl on the run hit the streets so undone  
Mistreated under the sheets by her father  
Keeps her heart cold & numb thoughts she can't overcome  
Still she looks for the one that could save her  
Now she's working it out in the corner of town  
Between 7th and south you will find her  
With her head in the clouds & her back on the ground  
You know what it's about when she says

Wake me when it's over  
Pick me up I'm on the ground  
Wake me when it's over  
Show me where the light is found  
Wake me it's over now!

Where are the fathers of the fatherless?

Now they're speaking it out through the silence & doubt  
Try to figure it out but get caught up  
In the here and the now & the where & the how  
You know what it's about when they say

Wake me when it's over  
Pick me up I'm on the ground  
Wake me when it's over  
Show me where the light is found  
Wake me it's over  
I swear I will not make a sound  
Wake me when it's over  
Wake me when it's over  
Wake me when it's over

Wake me, wake me, wake me, wake me  
When it's over  
When it's over  
When it's over  
When it's over
