

# Days Away, Ideas

I've got these great ideas  
And I don't think they're ever coming back  
Hey so even when the words run out I try to argue  
And even when your last goodbye I'll never know

But who said this would never work  
It's way too hard yeah you're making this easy for me  
Who said that it could not be forever  
Well you don't know everything  
Cuz I'm over here still searching for some answers

We'll I've got these great ideas  
So please turn around, please turn around for me  
Hey so even when the words run out I try to argue  
So even with your last goodbye I'll never know

But who said this would never work  
It's way too hard yeah you're making this easy for me  
Who said that it could not be forever  
Well you don't know everything  
Cuz I'm over here still searching for some answers

So just go  
So just go  
And don't get personal  
Just run  
I bet you...

Who said this would never work  
It's way too hard yeah you're making this easy for me  
Who said that we could not be forever  
Well you don't know everything  
Cuz I'm over here still searching for some answers

No you don't you know  
And that's the reason I think I don't care  
But I don't owe you that
