

# Days Of The New, Whimsical

I can see the orange sky in front of me  
I can see things you'll never see  
People say its all a f--ing dream  
But I can say words you couldn't speak

Is it me?  
Can you believe  
You'll never live the world I live

Is it me?  
It is only me  
I can only live a world to...live

Break away from you shattered beliefs  
Detaching from my body desperate in grief  
I have changed the world in front of me  
One against all; I'm starving this world

[bridge] Is it me?  
Do you want me?  
You think you can have me  
Say you love me  
You want me!  
I'm saving my money 'cause I don't pay to...

[chorus] I'm not afraid to live  
I'm not afraid to die  
I can only give  
What I see inside  
You can only take  
What I give of me  
You can only win  
When I'm not afraid to lose...

Subjected to your mother of nature  
Limited to the color of your eyes  
Drained by the one you call your lover  
She don't care if you live or die

[repeat bridge and chorus]

Oh yeah, oh yeah  
Oh yeah, oh yeah  
You can only win when I'm not afraid to lose...

Well I don't have a problem  
I evolved, (I evolved, I evolved...)  
Sometimes there are always problems  
Well I don't have a problem...  
I stand above...
