

DBSK, My Girlfriend

You're my girlfriend, you know it too

Yeah, verse one

First thing, when I first kiss your lips you are loveable

It was on bright snowing days our love began

They just don't understand, not even a clue

So girl I won't stop, I'm the one who will be right there

Let's stay together (stay with me together), and you will be my girlfriend (girlfriend)

It feels like heaven, I love you, I do love you so

Just walk with me (walk with me), until the end of times, yeah (yeah, yeah)

So let me be of your mine, just let me please you

I'm just trying to say how much I do love you,

I've been teasing you for so long

That was my bad expressions to you

For just now, sitting here, get relaxed

The day you gave me a blue tumbler, like a puppy lover

Yeah, with this coffee sweet, I imagine of our

marriage and future gettin' associated

So girl, listen, my heart won't change your memory

My love is bigger than a ginger bread man's vitality

Babe, good morning (morning!)

Every day, I woke you with a lovely call

I didn't know how to cook, but I can make a song

Girl, they just don't understand; not even a clue

So girl I won't stop, I'm the one who will be right there

Let's stay together (stay), and you will be my girlfriend (you are my girlfriend)

It feels like heaven, I love you, (I love you so) I do love you so (I love you so)

Just walk with me, until the end of times (the end of times), yeah (yeah)

So let me be of your mine, just let me please you

Everything will'n'gonna be fine (promise you this girl)

God gave me an answer of my life

Look at me girl (me girl), you're lovely (you're lovely) I can tell so

One day, it will come true

Baby, never gonna make you cry

Let's stay together (let's stay together), and you will be my girlfriend (girlfriend)

It feels like heaven, I love you (hold on together), I do love you so (everything's alright)

Just walk with me, until the end of times ('til the end of times), yeah (yeah, baby)

So let me be of your mine (leave the past behind)

Let's stay together, and you will be my girlfriend (you're always my girlfriend)

It feels like heaven (yeah), I love you (I do love you so much), I do love you so (I do baby)

Just walk with me (just walk with me), until the end of times (follow me), yeah

So let me be of your mine, just let me please you

Mhmm, yeah, yeah, yeah, yeah

I love you, baby.. yeah~
