

De Heideroosjes, Psychic

I know things
I feel things
I see things
I can never speak out loud

I know things
I feel things
I see things
I can never speak out loud (3x)

They haunt me
They strangle
possess me, o God
I can never speak out loud

Underneath your surface
I feel what's going on
I can never speak out loud (3x)

I know things
I feel things
I see things
But I can never speak out loud

This gift is cursed
Pain, pain and I saw the omen
I can never speak out loud (3x)

I'm just psychic
I'm not a psycho!
I can never speak out loud

I'm just psychic
I'm not a psycho!
I can never speak out loud (3x)
