

# De Heideroosjes, Stagediving Is An Art

It's not in the books  
No teacher can tell you how  
There is no ten-lesson-course to do it right  
No limits set and no written law to keep  
Everyone can join, it's a free flight

Stagediving is an art, let's keep it that way  
Stagediving means jumping, and not just stay  
Stagediving is an art, let's keep it that way  
So stupid macho assholes, get out of my way

It's a beautiful feeling, a social kind of thing  
So many people having so much fun together  
Get on the stage, look around and jump back  
Nothing more, nothing less, respect will  
do the rest

Stagediving is an art, let's keep it that way!  
Stagediving is an art, don't make it a fart!
