

De Heideroosjes, The World

I am so scared
I feel lonely
Why is the world such a fucked up place?
I am so down
I feel worn out
Why is the world such a fucked up place?
I am so sick
I feel burned out
Why is the world such a fucked up place?

I am so lost
I feel tied up
Why is the world such a fucked up place?
I am so hurt
I feel useless
Why is the world such a fucked up place?
