

De-Phazz, The Mambo Craze

Why, Lucy, your eyes are filled with tears?
- My heart is strained with bloodness
Oh look, the orchestra is getting ready,
dance with me, George!
Check the scene outside of Medellin.
Make a fuss in Caracas
Mixed guys and dark men at the bars
Mambo's slow Guantanamo
Was so glad escape in Trinidad
Outside down in Kingston town
Stole a car in the streets of Panama
Went too far in Bogota

Space cake brake at the Titicaca lake
Got some more in Ecuador
Out for a dance in a dive in Puerto Prince
Went too far in Bogota

A little weak, a little pale today
Looks like it's time, for that certain holiday

A little weak, a little pale today

A little weak, a little pale today

"Rip 'em up"

Space cake brake on the Titicaca lake
Got some more in Ecuador
Stole a car in the streets of Panama
Went too far in Bogota

A little weak, a little pale today
Looks like it's time, for that certain holiday

A little weak, a little pale today
Looks like it's time, for that certain holiday

A little weak, a little pale today
