

# De/Vision, 6 Feet Underground

Lifeless yet alive and eager to live  
I laugh bravely, I dare  
May your day be  
Suffused with light  
Come pick my bone  
Bathe me in your night

Wherever I turn  
My road seems to go nowhere  
6 feet underground  
Fated to fail  
And damaged beyond repair  
6 feet underground

Life, mere existence  
Go, fill my day  
I'm drowning, tired  
Say you're my own one  
Say you'll always be  
When I came home  
The wind had blown you away
