

De Vision, Like A Sea Of Flames

Protect me from this boring life
Diversify my days
Into your sea I want to dive
When I fall ill with haze
Too many faults that you will find
You've got to bear them all
Relieve me from my haughty kind
Pride goes before the fall
Don't pronounce me guilty when I lie
Be merciful to me
Have patience with me when I cry
For your charity
Be near me when I need you most
Tranquilize my soul
Delight me like a blooming rose
Then I'll reach my goal
Like a sea of flames
Like a sea of flames
Like a sea of flames
You warm me, day by day
You turn down the coolest cold
You're like a sea of flames
You give me shelter till I'm old
And you keep me from shame
You will be the guiding light
When I lose my way
You will lead me through the night
And also through the day
Like a sea of flames
Like a sea of flames
Like a sea of flames
You warm me, day by day
