

# Dead Kennedys, At My Job

If your machine might slip a gear  
Push this button to help it clear  
Your time card says your name's Joe  
But we'll call you 6-3-0

Chorus

I'm working at my job

I'm so happy

More boring by the day

But they pay me

All that time spent going to school

Just to end up following rules

Chorus

Now it's time to take a break

Don't stray too far or you'll be late

Thank you for your service and a long career

Glad you gave us your best years

Chorus
