

# Dead Milkmen, The Big Sleazy

It's a long way to Anchorage  
But that's where I'll go with you  
We'll travel so far, dear  
To escape that morning zoo  
I hate MMR I hate YSP  
I do not like the Grateful Dead  
So just don't talk to me  
I hate MMR I hate YSP  
You know that classic rock  
Does not interest me  
People are getting angry  
Maybe just they should  
Cause some of us can still remember  
Back when XPN was good  
Peeling's woo woo woo peelings  
I hate what they done to XPN  
Those folk Nazis ruined my favorite station  
I hate what they done to XPN  
If you hear it now it's just a pale imitation  
Well it's brunch with the Beatles  
A tribute to Billy Joel  
Four hours of Doobie Brothers  
And they call that rock and roll
