

# Dean Martin, Any Time

Any time  
you're feeling lonely.  
Any time  
You're feeling blue.

Any time  
you feel downhearted.  
That will prove.  
Your love for me is true.

Any time  
you're thinking about me.  
That's the time  
I'll think about you.

So, any time, you say,  
you want me back again.  
That is the time  
I come back home to you

Chorus: (Any time  
you're feeling lonely.  
Any time  
You're feeling blue).

Any time  
you feel downhearted.  
That will prove.  
Your love for me is true.

Oh Any time  
you're thinking about me.  
That's the time  
I'll think about you.

So, any time, you say,  
you want me back again.  
That is the time (it's any time).  
That is the time (it's any time).  
Yeah, that's the time (it's any time).  
I come back home to you
