

Dean, So Many Ways

Singing a song to let you know
You're always on my mind
Staggering underneath your windowpane
You don't know what's going on
But I'm going insane
I'm hanging around in your backyard again

Every day and every night
I'm waiting for your love
All of this time
I long to hear you say
You feel the same
Nothing is right
You want me back in so many ways

I wrote you a letter from the heart
Even made it rhyme
Begging to give me one more try-y-y
I know I've been a fool but this time
I won't let you down
All I want is to keep you happy now

Every day and every night
I'm waiting for your love
All of this time
I long to hear you say
You feel the same
Nothing is right
You want me back in so many ways

And the words just come all wrong
When I try to speak
I'm not much of a poet now
Gonna look into your eyes
Gonna set your heart on fire
I pray I get you back somehow

All of my nights
All of my days
I dedicate my days and nights to you
If you want me to

Every day and every night
I'm waiting for your love
All of this time
I long to hear you say
You feel the same
Nothing is right
You want me back in so many ways
