Deana Carter, People Miss Planes

A tear ran down his face
As she started to leave
He said "Baby, don't do this..
I'm beggin' you, please

What can I say to stop you
from walkin out on us?
I'll do anything to save our love"

She said "I'm through with talkin
You know I've tried my best
I've gotta leave right now
I've gotta plane to catch
And he said,

"People miss planes
It happens all the time
They cancel their plans
They change their minds
Listen to your heart..
Before you go too far
Baby, turn around before it's too late..
people miss planes"

She made it to the airport in the nick of time
In a moment she'd be gone
She'd bored that flight
She'd fly away from troubles,
From the struggles that they have..
And from everything they had shared
A tear fell on the ticket
As she thought about their love
In jus another minute,
She'd give it all up

Then she heard a voice callin'
"boarding flight 41"
When a voice inside her said
"You dont have to get on"

People miss planes
It happens all the time
They cancel their plans
They change their mind

Listen to your hear before u go too far
You can turn around before its too late

People miss planes (3x's)
