

# Death Cab For Cutie, Here Comes The Rain Aga

Here comes the rain again  
Falling on my head like a memory  
Here comes the rain again  
Tearing me apart like a new emotion  
I want to walk in the open winds  
I want to talk like lovers do  
I want to dive into your ocean  
Is it raining with you?

Baby, talk to me  
Like lovers do  
Walk with me  
Like lovers do  
Talk to me  
Like lovers do

Here comes the rain again  
Falling on my head like a memory  
Here comes the rain again  
Tearing me apart like a new emotion  
I want to breathe in the open winds  
I want to talk like lovers do  
I want to dive into your ocean  
Is it raining with you?

Baby, talk to me  
Like lovers do  
Walk with me  
Like lovers do  
Talk to me  
Like lovers do

(Sometimes I just need you to hold me)

Baby, talk to me  
Like lovers do  
Walk with me  
Like lovers do  
Talk to me  
Like lovers do
