

# Death Cab For Cutie, Title And Registration

The glove compartment is inaccurately named  
And everybody knows it  
So I'm proposing a swift orderly change

Cause behind its door there's nothing to keep my fingers warm  
And all I find are souvenirs from better times  
Before the gleam of your taillights fading east  
To find yourself a better life

I was searching for some legal document  
As the rain beat down on the hood  
When I stumbled upon pictures I tried to forget  
And that's how this idea was drilled into my head

Cause it's too important  
To stay the way it's been

There's no blame for how our love did slowly fade  
And now that it's gone it's like it wasn't there at all  
And here I rest where disappointment and regret collide  
Lying awake at night

There's no blame for how our love did slowly fade  
And now that it's gone it's like it wasn't there at all  
And here I rest where disappointment and regret collide  
Lying awake at night (up all night)  
When I'm lying awake at night
