

Death Cab For Cutie, Two Cars

Try to scrape it off the ... skin against skin
Move it front to back and start it go again

With the digression and time we will multiply
I've got more mouths to feed
Than i can ever fit in this auto
You go have a good time
Bring back stories 'cause I will stay behind

So punch the clock two months of up and I am stuck down
Against ..city rises out of this town

With the digression and time we will multiply
I've got more mouths to feed than
I can fit in this auto
You go have a good time
Bring back stories 'cause I will stay behind

And that's the story of the boy who tried to play cool
We found it hard to keep up when you were changing rules

With the digression and time we will multiply
I've got more mouths to feed than
I can fit in this auto
You go have a good time
Bring back stories 'cause I will stay behind
