

# Death From Above 1979, You're A Woman, I'm A

Take what you want  
My head is full  
Take what you need  
My price is good  
You want it all  
Just like you should  
Your thoughts are pure  
Just like they should  
Be what you want  
You want it all  
I've seen it once  
I've seen it all

Now that it's over, this weight is off my shoulder (x2)  
Now that it's over, I love you more and more (x2)

I know that you  
Would take my hand  
If I were to  
Give you the chance  
You want it all  
Just like you should  
Our thoughts are pure  
Our thoughts are good  
Be what you want  
You'll have it all  
I've seen it once  
We've seen it all

Now that it's over, this weight is off my shoulder  
Now that it's over, I love you more and more
