

# Death SS, S.I.A.G.F.O.M.

S.I.A.G.F.O.M. (Satan is a good friend of mine)

I'm coming through your wishes  
You've called me with your lust  
I'm flest and evil spirit  
I'm hiding in your blood

Don't underrate me baby, 'cause  
I'm worse than what you think  
But if is hell what you are craving for  
I'm the right one made for you, 'cause

I'm the malign  
My malice has no confine  
Say it in your mind  
Satan is a good friend of mine

I'll make you feel sensations  
That you have never tried  
I am the devil and I'm human  
I'm fury, sex and might

Don't try to tame me baby, 'cause  
I'm wild and I'm unleashed  
I'll satisfy your fancies and then  
I'll drag you inside my hell, 'cause

I'm the malign  
My malice has no confine  
Say it in your mind  
Satan is a good friend of mine

Don't play with fire or you'll burn  
You don't know what you've evoked  
I'm cruel and I'm excessive but  
This is what I'm famous for
